EXPERIENCE

Freelance Graphic & Web Designer – 2008 to present

1185 Design – Palo Alto, CA

Freelance Designer, April 2011 to May 2011

I was brought on to collaborate with designers in producing and finalizing approved web design templates. Responsibilities included exporting Illustrator files into Photoshop and categorizing graphical elements into layers insuring that all content is pixel perfect and placed accordingly to wireframe before sending to web developers.

AngelStar – Morgan Hill, CA

Production Designer, April 2010 to October 2010

Collaborating closely with Sr. Graphic Designer to support the production of a wide variety of projects from print to web, producing comp materials for new product packaging, proofing and preparing print - ready files, product photography and photo - editing/retouching, optimizing files for print and web.

PlantSense Inc. – San Francisco, CA

Graphic Design Internship, March 2009 to June 2009

Promotional print packaging, in store product advertisements, producing web interface mock-ups, video editing and photography.
